Features

Air accessories are popular impulse-purchased products. For walk-in retail sales, counter sales, and customer pickup areas, many of the most popular ARO Air Systems Components are available in "clamshell" point-of-purchase display packaging to add a new dimension to your air accessory marketing efforts:

- **Colorful, eye-catching graphics attract customers' attention.**
- **Contemporary clamshell design offers a durable package with maximum product visibility.**
- **Smaller overall size than "skincard" or "blister pack" allows maximum use of available premium display area.**
- **Bar coding provides more convenient and effective inventory control.**
